

INTRODUCTION

This binder constitutes the sovereign physical record of Kirk Digital Holdings LLC and its primary operating system, Autokirk Systems. It exists to preserve authority, prove ownership, and ensure continuity independent of software platforms, vendors, or third-party systems.

All documents contained herein are either governing doctrine, executed authority, or supporting records. No document may be altered, removed, or superseded except through a formally ratified addendum.

This record is intended to survive disruption, dispute, or transition. It is the definitive physical anchor of control.
